

April 19, 1940.

Dr. C. Rudolph Graves,  
114 East Second St.,  
Greenville, N. C.

Dear Doctor:

Your letter of April 15th just received. I had almost given up hearing from you. I told you in my last letter I had asked Percy Simon to come to Greenville and see what was wrong. Now Percy wrote me back that you had started publicity for the game and the day it was to be played was May 7th on the strength of that I have closed May 8th for Tarboro.

Now your letter says May 8th for Greenville. Please answer at once if we can have May the 7th, as that is the day we have planned for. If we cannot have the 7th can we get the 10th? I could arrange to come there the 10th.

Now I had planned to order the placards today, but I will have to hold up on Greenville until I hear from you. You had better wire the answer, as it takes a little while to order cards and have them shipped, and it is time to be starting the advertisement. Please send me the name and location of the Ball Park in your answer. Our schedule for that week is Portsmouth the 6th, Tarboro the 8th, Wilson the 9th, Goldsboro the 11th and Norfolk the 12th. We were thinking of going to Wilmington the 10th, but I will come to Greenville instead, if we cannot get the 7th. However, I understand the 7th was O. K. by Mr. Simon and I hope your letter was just a misprint of the date.

Please rush answer.

Yours truly,

AM:CCJ
